

Waccamaw Library Update!

Our new address will be:

**41 Saint Paul Place
Pawleys Island, SC**

Moving has begun ! We have closed our current library to begin boxing up books and computers. We miss you already, so please visit our Georgetown Library during the move. We'll also have our bookmobile in the current library parking lot every Monday from noon—4 p.m.

At the new library, the cypress paneling has just been installed, and most of the painting is done. We're currently paving the parking lot and installing carpeting. Good news: shelving will arrive earlier than projected, on January 21st.

We hope to open the new library on:

Valentine's Day
